ABOUT US

Security that holds up under scrutiny

Adiroha Solutions Private Limited is a cybersecurity and GRC consultancy headquartered in Bengaluru, with presence in Mumbai, Hyderabad and Illinois, USA. We find real risk, help clients close it, and hand them evidence that auditors, customers and regulators accept.

Our Cydital platform keeps compliance continuous after the audit — risks, audits, evidence, people and training in one workspace.

WHY ADIROHA

- 13+ years of cybersecurity experience
- CERT-In aligned testing methodologies
- CISA, CISM and CRISC certified consultants
- OSCP, OSCP+ and OSWE certified testers
- CEH certified testing team
- CCISO and CIPM certified consultants
- ISO 27001 and ISO 22301 lead auditors
- PCI DSS specialists
- AWS Security-certified cloud reviewers

HOW WE WORK

01

Discover

Scope, stakeholders and obligations.

02

Assess

Testing or gap assessment against standards.

03

Remediate

Prioritised fixes and implementation support.

04

Validate

Retest, audit support and closure evidence.
